Soccer

City of Huntsville will reimburse league for all legal registered roster participants at a rate of \$12.00 per participant.

Starting August 1, 2008 it will be the policy of the City of Huntsville Recreation Services Department to submit request for payment due each league, no later than two weeks after the first scheduled regular season game of the sport in season. This submittal is generated off of official rosters due prior to the start of each season. Based on continuous failure of the leagues to submit timely and correct rosters, for team and participant eligibility, this has become a necessary step to achieve compliance with the paper work that is required by the city for its programs. After this two week period has passed, the leagues will forfeit any right to a subsidy for its participants. To be eligible for 100% of the subsidy, the league will be responsible for the league coaches to complete the Sports Safety and Star Programs as required by the Recreation Department. Each sport will receive a percentage of subsidy based on the percentage of total coaches completing the above requirements per sport. These programs can be found on line and each Zone Coordinator can assist their leagues with access to these programs upon request.

Memo

To: League Football Directors
From: John Mayes
Date: 06-15-09
Re: Football Equipment Policy

The following policy pertains to the purchase of football equipment for the leagues, starting with the 2009 season, each league will be subsidized for the purchase of football equipment at the rate of \$35.00(thirty-five) per participant, based on the previous season official roster filed with the Recreation Services Department. In order for each league to receive its supplement, the league must inventory and have in its possession, 90% (ninety) of all helmets and shoulder pads issued to the previous season roster players.

The city will purchase new helmets and shoulder pads for the leagues per the leagues request. The balance of the subsidy after helmet and shoulder pad expenses are deducted will be paid to the league for other football purchases after July 1st. The final opportunity to receive 100% subsidy will end on December 1st, at which time the zone coordinator and the director will do a physical inventory of all equipment on hand at the league. This deadline will allow an opportunity to replace worn out equipment and place all orders in a timely manner. At this time, the league is to be reimbursed by the percentage of the helmets and shoulder pads collected and on hand if not 90%. (Example: 50% of helmets and shoulder pads collected, 50% of the total subsidy due the league will be allocated for the purchase of new equipment.)

The City of Huntsville requires that any use of city parks have prior approval for any activity. As president of your league park, it is your responsibility to forward to your zone coordinator a facility use request form for any and all activities other than league programs. This form may be obtained from your zone coordinator. Once this form is completed and reviewed and only then, may an activity be scheduled in a league park. Any organization or group wishing to use the park must meet the following guidelines. They must provide proof of insurance, which will also hold the city harmless; they must have a business license and pay a rental fee if applicable. There is a city ordinance governing the use of City of Huntsville property for profit by individuals and or groups. If you have any questions regarding this policy, please contact your zone coordinator.
